The Huttlestonian Staff

To the Class of 2001,

The yearbook staff would like to be the first to congratulate you all on a job well done.

You should always feel proud of yourselves and your accomplishments.

The hard work and dedication that has been demonstrated throughout our schooling has proven that we are ready to begin the next phase of life.

Our job was to create a yearbook to demonstrate the growth, changes, and successes of the graduating class.

We hope you all will cherish this book as a symbol of your past and the beginning of your future.

The past four years have been filled with memories that you will carry with you forever.

Never forget the time you have spent here at FHS; the Snowball's, the Homecoming's, the football games, and especially the friends you have made. These memories and friendships have helped shape the person that you have become.

The key to being successful is to never forget where you came from.

We would like to offer our special thanks to the parents of the graduating seniors.

Also, thanks to the teachers here at FHS for never giving up on us.

The lessons we have learned here in high school will stay with us forever.

Seniors, we wish you all the best of luck in whatever you choose to do.

Working on this yearbook has been a pleasure.

Enjoy!!

Michael Peter Dufresne

August 26, 1981-September 22, 2000

Michael's early education was started at local handicapped schools. This was the norm for kids like Mike born with cerebral palsy. After too many years of this kind of attempt to educate Michael and our dreams for him to attend Fairhaven's school system, we and the town of Fairhaven received a gift---a special education director that gave to his students the same degree as Henry Huttleston Rogers gave to Fairhaven. Ralph Tripp asked us if we would want to enter Michael into Wood School. This we were told was an inclusion program to bring kids like Michael into the school system. We were excited and Michael was very stimulated by attending Wood School. He never saw kids in a regular classroom with so much activity. His face lit up with any notice he was given by his classmates. We knew this is where he belonged to fulfill his social and educational potential. After two years at Wood, Michael attended Hastings Middle School. This was yet another milestone for the educators to fit Michael into a schedule to maximize his education and maintain his medical needs. Finally upon completion of the High School addition, Michael and his mom would scale the schools new handicapped ramp with its multiple switch backs. It was well worth it to see Mike's face when he entered that noisy front hall. Then again to be excited to go to his class where he now was known by students of various levels of education. Although Michael's health limited his attendance at school and finally took him from his many friends, Kerry and I will always be thankful and remember all who entered Michael's life. I only hope that society can continue to advance on the education of kids with various levels of potential with the understanding that these kids who may not talk do have something to say.

Peter Dufresne

If we could have a special wish
Or have our dreams come true
We'd pray to God with all our
hearts
For yesterday and you.
Remembering you is so easy,

Remembering you is so easy,

We do it every day.

But missing you is the heartache that never goes away.

We Will Love you always,

Mom & Dad

Administration

Dear Class of 2001,

In wishing you all 'The Best of Success' for your futures after FHS I am struck by the realization that I too will be leaving Fairhaven High School at the end of this school year. And like you the future I face is uncertain. So we share something in common this year; closing one of life's chapters and opening another. We're just working on different chapters.

I wish us all the best. Like you I'll miss the wonderful people who make up FHS and who have provided so many of the rich experiences and memories you'll carry with you. I will also look back on my years at Fairhaven High School as among the most challenging, satisfying and memorable of my professional career.

On behalf of the entire FHS staff I congratulate you and wish you all the very best that life has to offer.

Yours truly, John Newburn Principal

Dear Seniors:

We're leaving together. I hope you'll miss FHS as much as I will. May good health and good fortune follow you through life. Remember to try your best at whatever you choose to do and you will succeed. Try to choose a career that you will enjoy because that will bring you much happiness. God speed.

Class Officers 2000-2001

President, John Kennedy Vice President, Erin Dawicki Treasurer, Jeff Sinko Secretary, Elizabeth Delano

Dear Class of 2001,

As we come to the conclusion of our high school years, I would like to congratulate all of my friends and classmates in the Class of 2001. I wish you all success in the future; may you have high hopes and great expectations.

Fairhaven High School has changed profoundly over the past four years. We have experienced this transition together as a class, and now we have graduated from a school that, not only, excels with the instruction of higher learning, but incorporates this learning in an atmosphere of rich and abounding history.

I have thoroughly enjoyed being your class president, and I thank you for electing me to this position for the past four years. I, along with Erin, Liz, Jeff, and Ms. Carlozzi will miss working for you, and on behalf of the class officers, we wish you the best of luck in the future!

"Happiness depends upon ourselves."
- Aristotle

Sincerely Your Class President, John J. Kennedy

To the Class of 2001,

Although this is the end of a significant chapter in your lives, the best part has just begun. The past four years have been pleasant and full of hard work. You have accomplished much, encountered set backs, gingerly tread stepping stones, and reaped rewards. I have witnessed and shared the experience of your growth – physically, academically, and emotionally. I saw the boys "spring up" inches over the summer and girls transform into beautiful, young ladies. Intellectually, you have developed into multi-faceted individuals with an appreciation for a myriad of topics, making you versatile and adaptable to any situation. All of you have acquired values and knowledge that have identified you not only as individuals but also as a class - the 145th graduating class of Fairhaven High School.

You have walked the hallways of our castle for the last four years of your lives, and although it is difficult to see you leave, I am excited about your eagerly accepting the challenges before you. I can't wait to hear about the places you visit, the different people you meet, and the goals you accomplish. All of you have a great deal to contribute to your friends, your family, and society as a whole. I anxiously anticipate hearing about what you've done with your lives.

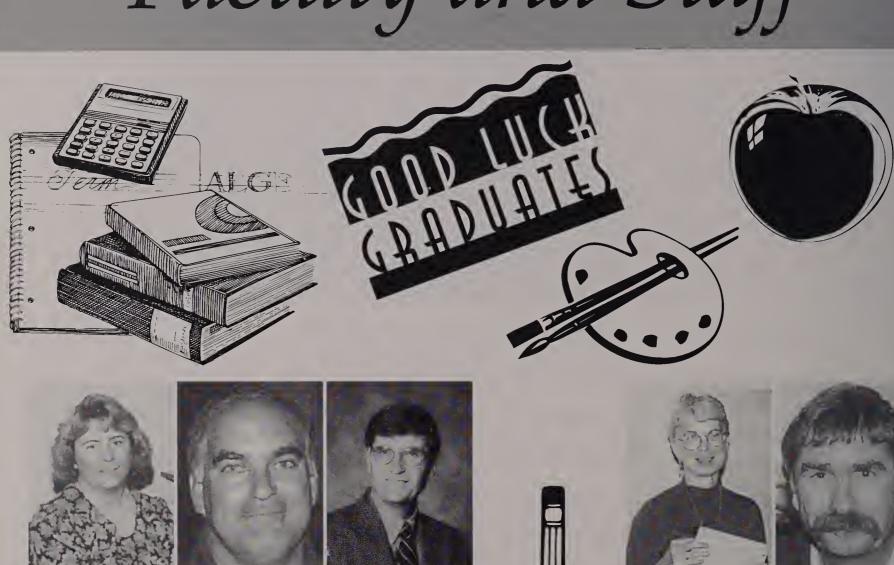

Remember to live by your school mottoes: Carpe Diem and Ad Astra.

My sincerest wishes for all your future endeavors,

Rosamaria Carlozzi

As we complete the 2000-2001 Academic Year, we will say goodbye to the educators on this page. They have made it their career to explain, to encourage, to demonstrate, to motivate and to give. The faculty, staff and students would like to thank them for their years of service to public education. They never allowed themselves to get caught up in the *job* of teaching kids...if they did they would have forgot the most important part of their profession...*The Kids*. We wish them health and happiness as they turn the page on another chapter of their lives. God speed.

May your goals and dreams
become a reality.
You have done us proud!!

Love Mom and Dad

Berry,

You and I have been through laughter and tears, fun times and heart breaks, silly days and mood swings...and we haven't killed each other yet! When we were little, I always said how much I hated you. I'm gonna let you in on a little secret...there's no one I'd rather "hate" than you. We have our differences, but what we have in common surpasses that. We're family by blood, but friends by choice. I wish you nothing but love and happiness in everything that comes with your future, but should you meet a bump along the way, you know where to find me. If you're sure of only one thing, let it be how proud and honored I am to call you my sister. I love you, Tre.

Good Luck in the future! I am so proud of you. Keep shining and may all of your dreams come true.

I love you very much! Love, Mamma

Congratulations
Erin! Keep up the
good work. Good
luck in college. I am
very proud of you.
